Ann Hobing discussed recent bid submissions from prospective concessionaire partners and what sort of criteria staff are looking for in those submissions. The next step in the process will be the evaluation of the bids by staff before bringing back to PAC with a final recommendation. Ms. Hobing discussed the need for more specific thought given to cabana rental/VIP service, similar to what currently exists at East Beach. Robert Callies questioned whether an existing umbrella vendor could also rent cabanas and if so, is there a different fee structure for that? Is that then considered a "new" business? Ms. Hobing suggested that it might be good to hold on this idea until next year to give staff time to think through the operational details. Wanda Buttner asked about the structures and what quality restrictions might need to be in place. The cabanas currently in place at East Beach are not kept out over night, and are made of higher quality, thicker canvas, with branded logo on the side. Jason Worthen indicated concern about whether existing umbrella vendors could be crowded by another vendor that was a cabana service only. Kimberly Danesi commented that there would need to be a controlled area for cabanas with safety and the comfort of other guests being kept in mind.

**Agenda Item:** Update about the new Concessionaire Partners who launch in 2021 (Ann Hobing, 5 minutes)

**Background:** To undertake the promotion and management of competitive bidding of eligible concessions as approved in the 2021 business plan, the request for proposals (RFPs) for the 2021 season were opened in October 2020 and closed on November 9, 2020. Additionally, applications received during the 2020 operating year for 2021 operations were included for review.

The proposals were evaluated by a review group of five: Parks & Amenities Committee Chair, Parks & Amenities Committee Vice Chair, Chief Operations Officer, Parks General Manager and Guest Experience Manager.

After examination and evaluation of the proposals, with consideration given to the pre determined evaluation criteria, the review group suggested the three following concessionaire agreements be awarded:

- 1) A Shady Deal Umbrella Rental at Dellanera RV Park for a fee of \$10,850.00. The proposal includes brand new equipment to be acquired by a new small business entrepreneur who is familiar with the Park Board and beachfront operations working as an employee of a current concessionaire partner operating umbrella and chair rentals.

Beach Patrol has confirmed the location as a designated multi-use area and will examine equipment and procedures for safety standards.

The Trustees approved awarding these three small businesses a concessionaire agreement pursuant to standard terms and review by counsel.

## 2020-2021 Plan Update

On September 3, 2019, the Park and Amenities Committee discussed the development of our 2020-2021 Work Plan. We looked to our 2019-2020 Work Plan, which was very broad and decided we needed to focus on a handful of manageable tasks in 2020-2021.

During that discussion, the Committee identified four thematic areas for which they would like to dedicate their focus in 2020-2021.

**Visioning** - where do we want to go as a community, what do we want our parks and beaches to look like and what services do we want to provide?

**Quality Control** – we strive to always offer products that are relevant and of sound quality for our residents and visitors alike.

**Special Projects** – accessibility continues to be a concern at the forefront of all coastal communities. How do we provide access to all persons, of all abilities to our beautiful island?

**Environmental and educational initiatives** – continuing the development of activities and programming that considers the needs of our residents and visitors, both human, feathered and finned.

Next steps moving forward:

- February 4, 2021 - Strategic Planning Session
- March 4, 2021 – PAC Meeting to discuss and consider final Work Plan for 2020-2021
- March 23, 2021 – Board of Trustees makes final approval on Work Plan for 2020-2021

**Agenda Item:** Discuss Park Board Strategic Plan

**Background:** The Park Board has a history of long-term strategic planning as a means by which to facilitate the identification of organizational priorities, develop plans and guide the goals of the Park Board. In 2016, the Board of Trustees approved the most recent strategic plan which covered 2016 through 2020.

At the October 27, 2020 Board of Trustees meeting, the strategic planning facilitation services of Tammy Canavan with Fired Up! Culture was approved to assist with the development of an updated plan. As part of this process, Ms. Canavan will be facilitating discussions with the Park Board Advisory Committees for their valuable input.

The 2016 adopted plan envisioned six overarching goals. Each goal, two of which are relative to Galveston as a destination and four relating to the Park Board were defined by strategic “commitments and tactical approaches for marketing, programming and operations”. This plan is attached for review and will be a starting point for the discussion by the advisory committees.

**Strategic Plan 2016-2020**

**Park Board of Trustees of the City of Galveston**  
**Planning Context**

The PBTG recognizes that Galveston is unique, a barrier island that requires the delicate balancing of wetlands, uplands, beaches, and bays. Similarly, as a governmental entity the Board also balances multiple interests to achieve its vision and accomplish its mission.

By its nature, the PBTG engages in strategic partnerships with the City of Galveston and other organizations to build consensus through community-based committees.

The Park Board of Trustees of the City of Galveston, therefore, has established an interrelated set of strategic priorities to accomplish its mission and achieve its vision. Two overarching questions guided the planning process:

- How best do we attract visitors to Galveston? and
- How do we assure that every guest has a memorable, tell-all-your-friends experience?

Clearly, the centerpiece of Galveston’s tourism allure is understood best by starting with magnificent natural gifts, starting with its showcase beaches, a precious resource to be protected and nourished for current enjoyment and for future generations.

The Park Board of Trustees recognizes its responsibilities to all the visitors the City welcomes and to the citizens of Galveston. These responsibilities begin with long-term, effective planning that results in the enhancement and preservation of the island’s array of natural and manmade assets.

This strategic plan builds on three fundamental aspirations for the Park Board of Trustees for the City of Galveston:

1. That Galveston is a national treasure, one that will become an international model of blended tourism and a national destination;
2. That the Park Board of Trustees will be recognized for building a national model for tourism marketing, services, and stewardship of the resources for which it is responsible; and
3. That the Park Board of Trustees will serve as civic model as a trusted public agency and as a model of effective government.

**Mission Statement:** The Park Board of Trustees of the City of Galveston’s mission is to promote Galveston Island, its beaches and natural resources, attractions, and heritage; to attract visitors to Galveston Island; to assure that Galveston’s assets, for which the Board of Trustees is responsible, provide visitors, residents, and staff members with exemplary experiences in an environment that is safe, clean, accessible, fun, and environmentally sensitive.
